ABOUT INSIDE OUT PACKAGING INDUSTRIES

Inside Out Packaging Industries manufactures barcode labels in-house and supplies labeling solutions for businesses that need clear product identification and consistent supply.

In-house barcode label manufacturing

Barcode labels produced by us in-house.

Multiple product categories

Barcode labels, ribbons, rolls and label printers.

Customer-specific specifications

Sizes and materials discussed around your requirement.

Long-term relationships

A reliable partner focused on repeat business supply.

Thermal ribbons

Barcode labels

OUR PRODUCTS

COMPLETE BARCODE & LABELING SOLUTIONS

BARCODE LABELS

Made in-house for product identification and scanning.

- **Direct Thermal Labels**
- **Thermal Transfer Labels**
- **Custom Barcode Labels**

THERMAL RIBBONS

Ribbons for thermal transfer label printing.

- **Wax Ribbons**
- **Wax-Resin Ribbons**
- **Resin Ribbons**

OTHER LABEL SOLUTIONS

Everyday rolls for packaging and billing.

- **Packaging Labels**
- **Thermal Rolls**

BARCODE LABELS FOR BUSINESS APPLICATIONS

Direct Thermal Labels

Heat-sensitive labels printed without a ribbon.

Thermal Transfer Labels

Printed with a ribbon for durable, lasting prints.

Custom Barcode Labels

Made to your size and specification.

HOW WE HELP YOU CHOOSE

Manufactured in-house. The right label depends on your printer, application, surface, environment and the durability you need. Tell us your use case and we will help match the label.

Sizes and specifications according to your requirements

THE RIGHT RIBBON FOR YOUR LABELING NEEDS

WAX

Commonly used for general-purpose printing on paper labels.

WAX-RESIN

Often selected for improved durability on suitable label materials.

RESIN

Commonly selected for demanding applications and compatible synthetic labels.

Final ribbon selection depends on the label face stock, the printer and your application requirements.

MORE SOLUTIONS FOR EVERYDAY OPERATIONS

PACKAGING LABELS

Product identification and carton labeling that supports packing and dispatch.

THERMAL ROLLS

Plain rolls for day-to-day printing and business operations.

POS / BILLING ROLLS

Rolls for retail billing and point-of-sale counters.

INDUSTRIES

LABELING SOLUTIONS ACROSS INDUSTRIES

Manufacturing & Industrial

Warehousing & Logistics

Automotive & Engineering

Electronics

Pharmaceuticals

Food & FMCG

Packaging & Distribution

Retail & E-commerce

Target industries and applications we can support.

WHERE OUR LABELING SOLUTIONS FIT

PRODUCT IDENTIFICATION → LABEL PRINTING → SCANNING → INVENTORY / DISPATCH

Application	Relevant product category
Product identification	Barcode Labels
Barcode scanning	Barcode Labels
Inventory tracking	Barcode Labels, Thermal Transfer Ribbons
Warehouse identification	Direct Thermal and Thermal Transfer Labels
Packaging and dispatch	Packaging Labels
Shipping and logistics labels	Direct Thermal Labels, Thermal Rolls
Retail billing and point-of-sale	POS/Billing Rolls

Labels support your inventory and dispatch workflow; they are not a complete inventory-management system.

CUSTOMIZATION

BUILT AROUND YOUR LABELING REQUIREMENTS

- **Label width and height**
- **Direct thermal or thermal transfer**
- **Paper or compatible synthetic materials***
- **Adhesive requirements**
- **Core size and roll specifications**
- **Ribbon type and dimensions**
- **Quantity and packaging**
- **Printer and operating environment**

*Where available. Availability and feasibility are subject to confirmation.

SHARE YOUR REQUIREMENTS
